How Is Your Weight?

While it is true that too much weight is not to be desired yet the fact remains that many men and women are thin to the point of danger. This danger lies in steir having no reserve force or nerve power to combat deadly diseases. A little catin lies in seed to the lies of the power to combat deadly diseases. A little catin lies he seed by all to feel well and the look well and this rails up the medical for the well and the rails up the steel or of how best to increase the weight. Physicians and chemists by experiments have solved the problem of increasing the white and red coronisies of the blood by the administration of a grain hypo-nuclane tablets, and this is always deliawed by an increase of weight, thinkin in sealed packages, and take for a period of several months according to directions with packages.
